As noted in our site 'Rules and Conditions' we require notification of any work to be carried out around the exterior area of your caravan. For example: verandas, metal boxes, paving slabs etc. Please note that anything that could constitute an obstruction to access between caravans will not be approved. Please complete the diagram below (including all relevant measurements) - showing clearly what you intend to have done - and return it to the Park Office. No work should be carried out without authorization.
